

To,

Dated:- 31/01/2025

The Director (Admin)
Mahavir Cancer Sansthan & Research Centre
Phulwarisharif, Patna

Subject: - Regarding research training fees enhancement.

Dear Sir,

With reference to the letter number MCS/Admin./2024-25/1663 dated 29/01/2025 this is to inform you that, we are running training and research programmes for undergraduates, postgraduates and Ph.D. students of different disciplines of basic and allied sciences. Every year for training and research activities more than 200 students under various categories were enrolled in our department which generates good revenue for research department. The present training and research fees (enclosure 1) has not been revised in last 10 years. The consumables required for training and research program is getting expensive day by day. Considering the fact and present situation a revised research training fee (enclosure-2) along with comparative research training fees (enclosure-3) has been prepared and being proposed for your kind perusal.

You are kindly requested to approve the proposed revised rate for Research Training Fees.

Thanking You.

Yours Sincerely,

Ashok Kumar Ghosh
